

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, APRIL 20, 1906.

TWO-THIRDS OF SAN FRANCISCO IN RUINS

FIRE MARSHAL SAYS THERE IS NO POSSIBILITY OF SAVING BALANCE OF CITY.

People Fleeing From the City by Thousands to Escape the Roaring Furnace Consuming the City--Portion of City to be Bombarded to Check the Fire--Business Section a Smouldering Waste.

Chicago, April 19.—The Postal Telegraph company received the following from Oakland:

"The chief fire marshal of San Francisco says more than two-thirds of the city has been destroyed and there is no possibility of saving the balance of the city."

"The following is the district north of Market street now devastated: Sansome to Market street, to Sacramento, to Buchanan, to California, to Hyde, to Eddy, to Larkin, to Gough, and to Market. On the south side of Market street the fire extends along Market street to Fourteenth and below the Southern Pacific tracks to the boundary."

FLEEING FROM FIRE.

San Francisco, April 19.—Thousands upon thousands of people are fleeing from the fire to day. They are flocking to the ferries, to the military reservation and suburbs. Residents of hillside in the central portion of the city seemingly were safe from the roaring furnace consuming the business section. They watched the towering mounds of flames and speculated as to the extent of territory doomed. Suddenly there was a whispered alarm up and down the long line of watchers and they hurried away to drag clothing, cooking utensils and scanty provisions through the streets. From Grand avenue the procession moved westward. Men and women dragged trunks and packed huge bundles of blankets, boxes of provisions—everything. Wagons could not be hired except by paying the most extortionate rates. But there was no panic. The people are calm, stunned. They seem not to realize the extent of the calamity. They hear that the city is destroyed in so far as the business portions are concerned; they tell each other in the most natural tone that their residences were destroyed by flames, but there is no hysteria, no outcry, no criticism.

FROM PLACE TO PLACE.

Mayor Schmitz and Chief of Police Dinn have been forced from place to place by the onrushing flames. Daybreak found them directing the municipal council, which is the committee of safety, from the Fairmont hotel, the beautiful structure that stood on the top of Nob hill. But that caught fire, and they retreated to the Cushing at Larkin and Sutter streets, then to the north end police station on Sacramento street. Here the council, composed of the financial leaders of the city, met this morning and decided to resort to the most heroic measures yet undertaken since the city has been in the path of devastation.

BOMBARD SECTION.

This decision was to bombard the entire section of the city lying along the east side of Van Ness avenue from Golden Gate avenue to Pacific avenue, sixteen blocks in all, containing the homes of many millionaires and apartment houses. The military was notified and barrels of gunpowder, the only remaining explosive in the city, were taken from the presidio, Ft. McDowell at Alcatraz and other nearby posts. Hundreds of police, regiments of soldiers and scores of volunteers were sent into the doomed district to warn the people to flee. These heroically responded to the demand of the law and went bravely on their way, trudging painfully over the pavements with the little they could get together. Every available wagon was taken by the military to carry powder.

FUNSTON ASSISTING.

General Funston is co-operating with Mayor Schmitz, whose orders to all officers are to kill without warning all malefactors. When men have been needed to carry out the plans of rescue they have been pressed into service. In only a few instances was it necessary to resort to the cocked revolver and drawn sword, after which there was no hesitancy.

The Presidio reservation, the vast Richmond district of thousands of acres, Golden Gate park and the surrounding hills

resemble one vast picnic ground. Tents and other improvised coverings have been erected everywhere. In the streets beds and mattresses have been thrown down all over the section. The people thus situated are philosophical. There is only one danger, and that is that the food supply will run out. Every grocery in San Francisco has been taken by the authorities and each family is being sold only one article at a time. In many places the police and military prohibit overcharging.

General Funston announced this morning that rations would soon reach the city and the people be supplied from the Presidio. Bakeries have already been built within the reservation and the bread supply, therefore, has not failed completely. The government also has begun to aid in the progress of people out of the city to Oakland, Berkeley and Alameda. Tug boats and steamers are being pressed into service for this purpose, and there is a vast army on the way to the ferries.

A DESOLATE SCENE.

From the water front the burned city can be seen to day in all its smoky nakedness. From the Pacific Mail dock to Vallejo street on the west side for two miles, wreckage and ruin is the rule. Although the fire did not jump East street the damage has been enormous. The filled in land facing the ferry building is a succession of little valleys, some four, and others six feet deep. The ferry tower itself is out of plumb and the big building was badly twisted by the earthquake. Looking up market street the city is a smouldering mass of ruins. Great mercantile manufactories, mercantile houses, banks and railroad office buildings are nowhere to be seen, and only in spots, is there so much as a tower, a monument of the burned structure.

To day is bright and warm. The sun is beating down on the tired workers and rescuers. There is scarcely any water to relieve the thirst of the suffering. The heat is threatening danger, for the dead, in many instances, are lying in the streets among the ruins. The authorities are doing all in their power to remove bodies in order that a pestilence may be prevented. It has been necessary repeatedly to remove the injured from places where they had sought refuge, for the fire kept increasing with alarming rapidity and water is the incessant cry of the firemen and people—one wants it to fight, the other to drink—but there is only a scant drinking supply.

FAMINE THREATENS CITY.

It is believed that famine now threatens the city. At the best the city never carried more than a three days' supply of provisions and food, and now, with the wholesale districts and warehouses wiped out, there is already a shortage of food and prices in many instances have tripled and quadrupled. An Associated Press man was obliged to pay 25 cents for a small glass of mineral water in the Hayes valley district. There is absolutely not a drop of water in that portion of the city laid waste. Reports were received that numerous shootings had occurred of men caught in the act of looting.

BOMBING ORDER.

The military is unusually strict in observing enforcement of order. One man on Market street digging in the ruins of a jewelry shop was discovered by a naval reserve man and fired upon three times. The fellow attempted to run away, but the reserve man brought him down by running a bayonet through him. The bodies of three thieves were lying in the streets of the south side this morning. Reports of extensive shooting came to press representatives from various quarters, but verification was absolutely impossible. In fact, concerted action of any kind is simply out of the question and almost every official is acting on his own responsibility, it being physically impossible to communicate with the superior authorities.

FLAMES CHANGED COURSE.

The wind changed this morning to the west and the flames changed their de-

vouring direction southward and began eating a wide swath from the water front on the north of Market street up to Nob hill. Steadily, but surely, the fire ate its way up the slope, consuming the home of the late Mrs. Jane Stanford and the Hopkins Art Institute. From the upward slope the fire also took a direction northwestward into a district left untouched last night, populated by people of various nationalities, whose houses are all of flimsy construction.

In the Mission district, south of Market street, the zone of ruin was extended further westward, toward the extreme southern portion, but was checked at Fourteenth and Mission streets by the wholesale use of dynamite. At this point are located the Southern Pacific hospital, the San Francisco hospital and the College of Physicians and Surgeons. In order to save these institutions buildings were blown up all around them and the danger threatening them had been averted up to now.

In the Hayes valley district, south of McAllister and north of Market street, the fire was confined on the west of Octavia street and on the north by McAllister street.

NOTHING BUT RUIN.

In these confines the destruction was complete. Therein were located St. Ignace school and church, of which only the sidewalk remains. Of the Mechanics' pavilion, the scene of hundreds of great political, social and sporting events, not a timber remains. Opposite was the St. Nicholas hotel and it is now simply a pile of ruined bricks, a ruin among many of a similar nature. From this point down to the Oakland ferry an Associated Press man made his way through mending wall frontages and climbing over hillsides of masonry and junk of all sorts in the middle of the city's greatest thoroughfare. The scene was appalling. On all sides nothing but ruin.

THE FIRST MESSAGE.

It was announced that to morrow there will begin a daily delivery into the city of ten million gallons of water. To night for the first time direct telegraphic communication was re-established with the outside world and this message had the honor of being the first to be sent. By the most energetic efforts in the face of great obstacles the Postal Telegraph company succeeded in restoring one of its shattered lines and its managers are hopeful of bringing back its service to a normal plane in a day or two. To night three distinct fires are burning. One portion extends from Nob hill easterly toward the water front. It was traveling slowly northward toward the Telegraph Hill section. The second center was in the Mission district, and was making little headway toward the hill sides to the west where thousands of people are camped. The third section is threatening the western section the point against which the firemen are bending their greatest efforts. Dynamite was used for back firing purposes with only fair success. Chief of Police Dinn said he thought 250 would fully cover the number of deaths. About fifty bodies thus far have been found.

TRAIN OF FOOD

Southern Pacific Railroad to Feed Hungry.

Los Angeles, Cal., April 19.—E. E. Calvin, general manager of the Southern Pacific railroad, who is in San Francisco now, this afternoon wired Superintendent Ingram of this city to get a special train, buy five car loads of canned goods and bring them to San Francisco at the earliest possible moment. Calvin, who is a former telegraph operator himself, sent the message on the key and supplemented it with a brief statement that conditions in the stricken city are so appalling as to be beyond belief or comprehension.

LOS ANGELES SAFE

Shock There of Short Duration But no Damage Done.

Los Angeles, April 19.—At 12:33 this afternoon Los Angeles experienced a distinct earthquake shock of short duration. Absolutely no damage was done, but the people were badly frightened. Occupants of office buildings ran into the streets, some hatless. Many stores were deserted in like manner by customers and clerks. The shock, however, passed off in a few minutes and most of those who had fled to the streets returned presently.

AREA DESTROYED

Practically all of San Francisco Burned or Burning.

New York, April 19.—The Western Union is in receipt of a dispatch timed 5 p. m. (Pacific coast time), giving the area destroyed by fire. It shows that practically all of San Francisco has been burned or is burning. Information was brought in by Sergeant Shinkley, U. S. A., who said:

"Everything out Market street to about Twenty-third is burning fiercely. Everything is gone except the mint. The post-office was injured only by the earthquake. Only three or four rooms there are damaged. Every building of any importance in the city up to Van Ness avenue, including the entire business section and all hotels are entirely destroyed, and the district north from Golden Gate avenue and lying between Van Ness avenue and Octavia street is also half burned. Chinatown is gone. Fire is raging on Nob hill. I hear that parts of Nob hill are entirely wiped out. The fire has crossed Van Ness avenue east of Union street and everything in that district is gone. Certain parts of Nob hill are still untouched, though very seriously threatened. The fire is raging around Union and Franklin streets with every prospect of continuing. It now looks as if the entire city would be burned before the fire stops. A section bounded by Union and Octavia streets and Golden Gate avenue, and another lying between Market, Hayes and Fillmore streets are about all that is left of the city north of Market street. There is a section in the Mission district south of Market street not yet burned. The prospects are, however, that all will go, because nothing can stop the flames until they reach the struggling outskirts of the city."

SUB-TREASURY DESTROYED.

According to a dispatch to the Western Union the sub-treasury at San Francisco has been destroyed. The sub-treasury is not connected with the United States mint, which is still standing.

FIRE STILL GOING ON.

Officials of the Postal Telegraph company of this city, at 8:25 p. m., received the following from Mr. Storer, superintendent of their service in San Francisco:

"The fire is still going on and will probably consume the whole city except those streets situated between Golden Gate park and Webster street, in which neighborhood there is water and where the fire department can work with some chance of success."

FROM FUNSTON

Sends Report of Fire to War Department.

Washington, April 19.—The war department has received the following telegram from General Funston:

"The fire crossed Van Ness avenue to the west at 3:30 p. m. It is almost certain now that the entire city will be destroyed. Have ordered troops from Monterey and everything is going as well as could be expected. On account of the confusion it has been impossible to locate individuals inquired for, but attention will be given that matter as soon as practicable."

"The official report at police headquarters this date shows the sub-treasury has been entirely destroyed by fire, with the exception of the vaults which contain all the cash on hand. Suitable guards have been ordered to protect this money."

AT SAN JOSE.

San Jose, Cal., April 19.—The latest reports here to day show ten people were killed by the earthquake. The hall of records was destroyed as well as the hall of justice. All main buildings were badly damaged. R. H. Tucker, in charge of the Lick observatory, says no damage was done to the instruments or buildings of the observatory by the earthquake.

FEARS FOR GENERAL BRAGG.

Dona Du Lac, Wis., April 19.—Grave fears are felt for the safety of Gen. and Mrs. E. S. Bragg, known to be in San Francisco at the time of the disaster.

EXPRESS SYMPATHY.

Copenhagen, April 19.—King Frederick, members of the royal family, cabinet ministers and the diplomatic corps to day called at the American legation to express sympathy with the sufferers by the San Francisco calamity.

SAN FRANCISCO CITY DESOLATE

HEIGHTS OF ITS MISERY REACHED AT DUSK

Day of Uneven Struggle of Man Against Fery Elements of Nature—Metropolis of Western Slope Now in Ashes.

San Francisco, April 19.—With each succeeding hour the devastation and destruction in this stricken and prostrate ruin of a city grows and grows. At 6 o'clock it seemed as if nothing could save the comparatively small portion that yet remains unburned. The entire business and wholesale district is now only a glowing furnace, while giant tongues of fire have reached westward far beyond Van Ness avenue, are wiping out buildings and seeking more to devour.

At 4 o'clock the authorities saw the only hope of saving the western addition, with its forest of frame dwellings, and the Richmond district, with its thousands of homes, was to check the march of the wall of fire at Van Ness avenue.

This avenue is thirty feet wide and the possibility of checking the march of the flames here looked hopeful to those who were figuring ways and means in the hour of awful horror. Orders were given to concentrate every fire engine in the city at this avenue, to marshal troops of soldiers, police and all the army of workers and make one last stand to save the remainder of the city.

Co-operation of the artillery was secured and huge cannons were drawn to the avenue by military horses to add the dynamite in blowing up the maw of millions of millions in order to prevent the flames from leaping across the highway and starting on their unrestrained sweep over the western addition.

Every available pound of dynamite was heaped to this point and the sight was one of stupendous and appalling havoc, as the cannons were trained on the palaces and shot tore into the walls and toppled buildings in crushing ruins. At other points dynamite was used and houses after house, the dwelling of millionaires, were lifted into the air by the power of the exploding blast and toppled to the earth in a mass of ruins and debris. The work was necessarily dangerous, and many exhausted workers who had kept working through a stretch of forty-eight hours without sleep and with scarcely any food through the force of instinctive heroism alone, may have been killed while making this last desperate stand.

Many of the workers in placing blast took chances that spelled injury or death. The fire line at 6 o'clock extends a mile along the east side of Van Ness avenue from Pacific street to Ellis. All behind this, except the Russian hill region and a small district along the north beach, has been swept clean by the flames and from the steel hulks of buildings and pipes and shafts and spires have been dropped into the molten mass of debris like so much melted wax.

The steady boom of artillery and the roar of dynamite above the howl and crackling of the flames continues with monotonous regularity. Explosions have been bombarding the ears of the panic-stricken people since the earthquake of forty-eight hours ago. They have ceased to heed the sound, and rush pell mell, drowning their senses in a bedlam of their own creation. There seemed to be an irresistible power behind the flames that even the desperately heroic measures being taken at Van Ness avenue could not stay.

ALL EFFORTS FRUITLESS.

All efforts to check the spread of the flames at this point by blowing up a mile of buildings on the east side of Van Ness avenue have proved fruitless. The fire has spread across the broad thoroughfare and from present indications the entire western addition, which contains the homes of San Francisco's millionaires and people of the wealthier class is now doomed. The destruction of the western addition of the city practically completes the work of the ravaging flames and marks the devastation of the entire city.

GROWING WORSE

San Francisco, April 19.—San Francisco to night is a city desolate. It seemed that the name of its misery was reached at dusk, when the flames burst from all sides of the beautiful Hotel Fairmont, the palace that above every other structure was apparently the most strongly entrenched against the attack of the all-consuming fire. And surrounding that lofty pinnacle of flame, as far as the eye could see, lay in cruel fantastic heaps, charred and smoking, all that remained of a prosperous city. The metropolis of the western slope was in ashes.

This has been another day of an uneven struggle of man against the unconquerable element of nature. Acre after acre has been ground into dust and ashes, despite the heroic perseverance of firemen to limit the conflagration. To night there is hope that the worst has been nearly reached and that when to morrow dawns the end will have come, but the hope is faint indeed. If the flames can be barred

in their devastation of the western addition then "Rita" will be written to the great disaster.

But San Francisco is not discouraged. Its best and highest class has already begun to plan for restoration and to care for the stricken ones, and relief will be immediate and effective. Total subscriptions of \$180,000 were announced. Arrangements were made for immediate relief of the needy. The baking of 50,000 loaves of bread daily will begin to morrow. Free transportation will be provided by the Southern Pacific to destitute persons desiring to go to interior points.

PANIC REIGNED.

While the fire fighters were making the last stand at Van Ness avenue, panic reigned among the survivors in other parts of the city. The intense heat and the absence of water has been so terrible that scores have become frantic and others have dropped from exhaustion in the streets. In the panic many mad things were being done. Even the soldiers were obliged in many instances to prevent men and women, made insane from misfortune, from rushing into doomed buildings in the hope of saving valuables from the ruins. In nearly every instance such action has resulted in death to those who tried it.

Probably 200,000 refugees are struggling to get out of the city and hourly the task is becoming more difficult as the fire and heat cut off avenue after avenue of escape. The streets are filled with struggling people, some crying and weeping and looking for missing loved ones. The sufferers are invading the few buildings that remain in the hope of finding something to eat. They only do so when warned or shot by soldiers.

SUFFER FROM HUNGER.

To night the sufferings of many by hunger is pitiful. Thousands of people are sleeping on the hills to night or standing gaunt with grim faces on the lurid scene below. Women and children and little babies in arms are huddled together with the injured. In Golden Gate park the people are huddled together with gnawing hunger the companion of all. The wall of the injured and calls of the frantic survivors for friends and relatives who are missing are most pitiful.

Oakland, Berkeley and Alameda are short of food and in a few days will themselves be facing a serious shortage unless relief comes from outside.

FLAMES MOVING ON.

At 11:30 to night the flames were steadily moving on the sections of the city still untouched. The strongest fire seemed to be on the western end, while the volume of flames in the Mission district indicates that the conflagration is less severe than during the day.

FLEE TO OAKLAND

Thousands of Refugees of Fire Stricken City Cross the Bay.

Oakland, Cal., April 19.—The largest suburb of San Francisco to night housed and fed probably 50,000 refugees of the fire-stricken city across the bay. All day the stream of humanity has poured from the ferries, every one carrying some sort of personal baggage and other articles saved from the conflagration. Thousands of Chinese, men, women and children, carrying luggage to the limit of strength and fleeing from their quarters that had long been one of the show places for San Francisco visitors, mingled with the crowds and poured into the little Chinese section of Oakland. Every train from San Francisco brings hundreds of refugees carrying luggage and bedding in large quantities. Many of the women are bareheaded and all show fatigue as a result of the sleeplessness and exposure to the chilly air of last night. Hundreds of these people line the streets in the heart of town waiting for something to turn up or some one to come along to provide them with shelter. Restaurant prices have advanced 25 to 100 per cent. Thousands besieged the telegraph offices and the crush became so great that soldiers were stationed at the doors to keep them in line and allow as many as possible to find standing room at the counters.

FROM FOREIGN COUNTRIES.

Washington, April 19.—President Roosevelt is in receipt of cablegrams expressive of sympathy for this country from foreign nations on account of the appalling disaster at San Francisco. These countries, through President Fallieres, France; President Pardo, Peru; King Frederick of Denmark; King Haakon of Norway, the king of Italy, the king of Portugal, Emperor Nicholas of Russia, Earl Grey of Ottawa, Canada, Premier Seddon of New Zealand and Gen. William Booth of the Salvation Army express sympathy.

ILLINOIS PROHIBITIONISTS.

Springfield, April 19.—The Illinois Prohibition convention adjourned this afternoon after listening to an address by former Governor St. John of Kansas. The platform declares for direct primaries, favors the election of senators by direct vote; enactment of referendum; two cent rate for all passengers; equal suffrage, and local option.

BILLIARD TOURNAMENT.

New York, April 19.—While Hoppe defeated Curd, 50 to 125, in the billiard match to night. In the afternoon game Sutton beat Morningstar, 29 to 31.

APPEAL FOR SUFFERERS

MADE BY PRESIDENT OF UNITED STATES

People Called on to Render Aid Aid Possible for Inhabitants of Stricken City of San Francisco—Cities Take Action.

Washington, April 19.—Following is the text of President Roosevelt's appeal on behalf of the San Francisco sufferers:

"In the face of so terrible and appalling national calamity as that which has befallen San Francisco, the outpouring of the nation's aid should, as far as possible be entrusted to the American Red Cross, a national organization best fitted to undertake such relief work. The especially appointed Red Cross agent, Dr. Edward Devine, starts to day from New York for California to co-operate there with the Red Cross branch in the work of relief."

"In order that this work may be well systematized, and in order that contributions which I am sure will flow in with lavish generosity, may be wisely administered, I appeal to the people of the United States, to all cities, chambers of commerce, boards of trade, relief committees and individuals to express their sympathy and render their aid by contributions to the American National Red Cross. They can be sent to Hon. Charles H. Haney, Red Cross treasurer, Washington, D. C.; Jacob H. Schiff, New York Red Cross treasurer, or other local Red Cross treasurers, to be forwarded by telegraph from Washington to Red Cross agents and others in California. (Signed.)

"THEODORE ROOSEVELT."

New York, April 19.—This city spontaneously responded to the appeal for help for the sufferers in the California disaster. More than half a million dollars was subscribed here to day. Many small contributions were made which have not as yet been reckoned into a total. In addition it was announced that Clarence H. Mackay, president of the Postal Telegraph company, has offered \$100,000 to the University of California, if needed, toward the erection of new buildings.

To day's subscription list was headed by John D. Rockefeller with \$100,000; United Railways Investment company, \$75,000; M. C. Coughlin & Sons, \$50,000; Carnegie here and J. P. Morgan & Co., \$25,000 each. Many other contributions of \$10,000 and \$5,000 helped to swell the total. New York stock exchange brokers contributed \$85,000.

Philadelphia, Pa.—Drexell & Co., and Brown Bros. & Co. contributed \$10,000 each for the relief of earthquake sufferers.

Portland, Ore.—The relief fund here now totals \$125,000.

Tacoma, Wash.—Tacoma sent 100 tons of supplies to San Francisco by the steamer Nelson to night. Ten thousand dollars in cash were also wired to the chamber of commerce.

Chicago.—The Chicago Commercial association subscribed \$25,000 for the relief of San Francisco.

Portland, Ill.—The city council to night appropriated \$1,000 for the San Francisco relief fund and Mayor Tolson has issued a proclamation calling a mass meeting for the purpose of raising a large fund. The Crovo Court club gave \$500 this afternoon and Rabbi Levi of the Jewish temple announced to night that he would call his people together for the purpose of raising \$10,000 for the relief fund.

Des Moines, Iowa.—Governor Cummins this afternoon issued a proclamation calling upon the people of Iowa to aid San Francisco. The Des Moines city council this afternoon voted \$1,000 for relief.

Minneapolis, Minn.—The city to day telegraphed Mayor Schmitz of San Francisco offering a train load of flour or its equivalent in gold. Either will be sent at once.

Seattle, Wash.—Over \$30,000 has already been raised for San Francisco.

Sacramento, Cal.—Sacramento raised \$50,000 in twenty minutes to day. Stevedores loaded with supplies are being rushed to San Francisco.

Topeka, Kan.—The Elks of this city to day wired to San Francisco \$1,000.

Washington.—A subscription of \$10,000 for the relief of San Francisco earthquake sufferers was made to day by Robert Lebaudy, the French philanthropist, through the French ambassador in Washington.

Chicago.—The city to night sent ten detachments to San Francisco. The railroads furnish transportation. Chicago paying all other expenses.

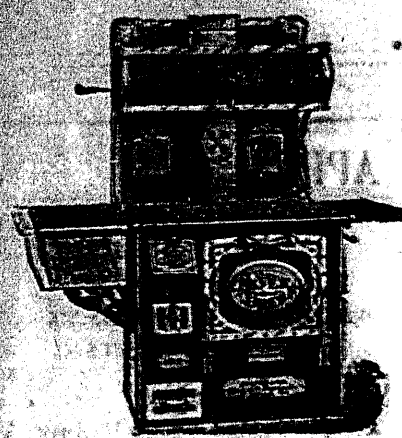

Springfield, Ill.—The city council tonight voted \$500 to aid the San Francisco sufferers.

Chicago.—In addition to the \$25,000 sent San Francisco by the Commercial association to day, the Chicago Clearing House association subscribed \$50,000. Committees of business men will begin to solicit additional funds to morrow.

Bremen, German.—The Weser Zeitung to day called upon the citizens of Bremen to show their genuine sympathy with the people of San Francisco by organizing a relief fund.

Rockford, Ill.—At a mass meeting this afternoon \$1,000 was subscribed in fifteen minutes and telegraphed to San Francisco. Two thousand dollars more will be wired Friday.

FOR RELIEF OF SAN FRANCISCO

MILLION DOLLARS APPROPRIATED BY CONGRESS.

**Spirited Encounter in Senate
Between Tillman and Hopkins
Concerning Recent Chicago
Bank Failure.**

Washington, April 19.—The senate today passed a joint resolution appropriating a million dollars for the relief of San Francisco, appropriated \$1,000 to pay the expenses of bringing home the bodies of the Kearsarge victims; listened to an explanation by Bailey concerning the proceedings of yesterday's Democratic caucus; heard the first half of an exhaustive speech by La Follette on the railroad rate bill, and witnessed a decidedly spirited encounter between Tillman and Hopkins concerning the recent Chicago bank failure.

Tillman read newspaper charges that the Illinois senator had used his official position to prevent punishment for violation of the banking laws, and Hopkins responded by charging the South Carolina senator with approving the lynching of negroes and with securing his election to the senate by suppressing the negro vote. He also declared that Tillman had changed the official report of his last speech on the bank question so as to make it appear that he (Hopkins) had evaded a question and to this Tillman responded that he had done nothing of the kind. The colloquy at last became so bitter that it was necessary to call the senators to order.

La Follette attacked the over-capitalization of railroads and contended for the broadest construction of the right of congress to legislate for control of the roads. He said the pending bill was defective in many important respects; took a position in support of the Bailey non-suspension amendment and announced himself opposed to a broad court review of the findings of the interstate commerce commission.

HOUSE.

The house today appropriated a million dollars for the suffering and homeless in San Francisco and other California towns, and gave the secretaries of war, treasury, navy and commerce power to co-operate with the mayors of the stricken cities so that the very best results might be obtained in affording relief. The resolution later passed the senate and was signed by President Roosevelt.

Williams, the minority leader, gave notice there would be no more legislation except under the rules of the house or a special rule until the conference on the statehood bill had reported. Several addresses were made on the tariff, the house completing the general debate on the bill and to morrow will take it up by sections.

OFFICIAL APPEAL.

President Roosevelt has issued an official appeal for aid for earthquake sufferers, distribution to be made through the American Red Cross.

BATTLE IN PHILIPPINES.

Manila, April 19.—Capt. William M. Morrow, Twenty-first Infantry, attacked a Tagalog band in the mountain fastnesses of the island of Samar, killing eight. Three United States soldiers were wounded. The engagement was at close quarters and fighting was hard to hand.

MURDER A MYSTERY.

Paris, April 18.—M. Bierne, a wealthy man, 75 years of age, and his grand-niece, Mme. Coulon, were mysteriously murdered in the old man's house at Milly, near Fontainebleau. The murderer had used a revolver and a large butcher knife. The motive is a mystery. M. Bierne was worth \$100,000, and there was a large quantity of valuables in the house, but nothing had been taken or disturbed. None of the neighbors heard the revolver shots and two fierce dogs kept in the house had given no alarm. The pavements and roads were exceedingly muddy, but no trace of footsteps could be found in the house. The police arrested Mme. Coulon's husband on suspicion.

MAYOR DAVIS
URGES ACTIONON PART OF COUNCIL
LOOKING TOWARD NEW
ALTON DEPOT.East State Street Subway and
Changes on Illinois Avenue—
Council Appropriates \$100 for
Earthquake Sufferers and Chi-
cago Relief Committee NamedIn pursuance to the recommenda-
tion of Mayor Davis made to the
city council Thursday evening com-
mittees were appointed looking to-
ward a subway at the crossing of the
railroads at East State street, a new
Alton passenger depot and the pay-
ing and rearrangement of tracks on
Illinois avenue. Mayor Davis named
a special committee to investigate
the status of the Jacksonville street
railway as to whether they have a
franchise or not and the council ap-
propriated \$100 toward the relief of
the San Francisco sufferers and
authorized the mayor to name a re-
lief committee to receive subscrip-
tions.Members of the council indulged in
an informal discussion of the side-
walk question when a petition was
read from property owners on West
Lafayette avenue asking for a brick
sidewalk, when part of the block
covered by petition has concrete
curb. It seemed to be the general
opinion of members that where
property owners had good sidewalks
in front of their premises an ordinance
passed by the city council was
not mandatory on them, but that
where sidewalks were bad or where
they were raised, they must be re-
laid in accordance with the provisions
of the ordinance passed and that the
city had power to enforce provisions
of ordinances in such cases.Ald. McGinnis brought up the ac-
tion of the Wabash railway to lay a
sub switch on East Railroad street
counter to the will of the council
and an informal discussion of the
matter followed.The nuisance of hitching horses
around the square and on streets ad-
jacent was brought before the coun-
cil by a business man who complain-
ed of the practice and on motion it
was decided to have the ordinance
committee and city attorney prepare
an ordinance governing the same.At the conclusion of the session
Mayor Davis announced the appoint-
ment of the following committees:
Citizens' Relief Committee for
San Francisco Sufferers—First
ward, Ald. McGinnis and
Captain J. H. Freeman; Sec-
ond ward, Ald. Ticknor and John
A. Ayers; Third ward, Ald. Cobb
and William Newman; Fourth ward, Ald.
Johnson and M. F. Dunlap.Committee to investigate street
railway franchise—Ald. Hairgrove,
Capps and Higgins.Committee on East State street
subway—Ald. Cobb, Kendrick and
Hildreth.Committee on new Alton depot—
Ald. Johnson, Govcia and Hair-
grove.Committee on Illinois avenue—
Ald. McGinnis, Ticknor and Ken-
nedy.After adjournment had been taken
reference was made to the appoint-
ment of a plumbing inspector by a
gentleman present and he was per-
mitted to speak briefly on the sub-
ject. No action could be taken and
the matter will probably come up
at a future meeting.It was suggested that the money
raised by the citizens' relief commit-
tee be held until the distribution of
funds in the stricken city is system-
ized and that money subscribed here
be given directly to relieve distress of
persons in California who have been
residents of Jacksonville and Morgan
county.

THE PROCEEDINGS.

The city council met in regular ses-
sion Thursday night with all mem-
bers present.The clerk read the minutes of the
last regular meeting and the same
were approved.The clerk read a petition from res-
idents on Ashland avenue and vicinity
protesting against location of
oil plant as proposed by the Standard
Oil Co.Ald. Kendrick moved the petition
be received and placed on file.Ald. McGinnis stated that he had
been informed by Mr. Loan that the
plant would not be located on Ash-
land avenue. Petition received and
placed on file.The clerk read a petition from
property owners on West Lafayette
avenue asking permission to lay brick
sidewalk. Same received and placed
on file.The clerk read a petition from
Henry Schriener of East Morton av-
enue, asking permission to lay a
concrete sidewalk. Same granted.Under the head of communications
the following was read by Mayor
Davis:Jacksonville, Ill., April 19, 1906.
To the Members of the City Coun-
cil, Gentlemen: I desire to call your
attention to certain conditions that
exist in regard to railroad matters,
in connection with the Chicago &
Alton railway, the C. P. & Q. rail-
way, the C. P. & St. L. road and the
proposed extension of the McKin-ley street car system east of the C.
& A. tracks. It seems to me that the
time is now right for the city of
Jacksonville to take some progressive
steps toward the relieving of certain
conditions that exist in railroad mat-
ters at this time.The railroad crossing at East
State street is to day a very danger-
ous crossing, one that is quite often
blockaded and in a very bad con-
dition for travel. I am of the opin-
ion that this grade crossing should
be abolished and an ordinance passed
compelling all parties interested,
namely, the Chicago & Alton rail-
way, the C. P. & St. L. railway, the
Chicago, Burlington & Quincy rail-
way and the Illinois Traction com-
pany jointly to put in a subway at
this crossing of sufficient width and
length to take care of the traffic of
this street. I believe this work can
be accomplished if this city council
will earnestly and judiciously advo-
cate and work for this improvement.I feel sure that no citizen of Jack-
sonville feels proud of the
present Chicago & Alton rail-
way passenger station and its sur-
roundings. I am satisfied that this
road desires and is contemplating
a new passenger station and I am of
the opinion that this city council
could expedite matters if we were
willing to co-operate with this com-
pany in this matter.I am also of the opinion that the
conditions on Illinois avenue should
be relieved and that the street be-
tween East State street and the
Wabash railroad should be paved. At
the present time this street is oc-
cupied by three railroad tracks and the
track of the Jacksonville Street Rail-
way. The space now existing be-
tween the street car track and the
railroad track next to it makes it ab-
solutely dangerous, as only a few in-
ches of space remains between a
car passing upon this track and a car
standing upon the railroad track
east of the street car track.I am of the opinion that the
tracks upon this street should be re-
duced to three tracks, two for the
railroad, one for the street car com-
pany and that the same should be
paved by the railroad company now
occupying said street, and that no
empty cars be allowed to stand upon
this street and simply to be used for
the passage of trains.It seems to me that the time is
now right for the citizens of Jack-
sonville and the city council to work
for the betterment of the conditions
in this part of town, and I trust that
the city council will take such action
and refer this matter to a special
committee or committees or refer
the same to standing committees to
push vigorously. I am, Yours very
truly,

John R. Davis, Mayor.

Ald. Kennedy expressed himself
in hearty agreement with the mayor
on his recommendation and moved
seconded by Ald. Capps, that the
matter be referred to the mayor and
highway committee.The mayor thought the matter
ought to be referred to several com-
mittees.Ald. McGinnis endorsed the recom-
mendation of the mayor and thought
the improvement contemplated was
badly needed.Ald. Ticknor, as member of the
highway committee, thought work
in this matter should be divided
among other committees as it was a
matter of large import. He was in
favor of the plan.Ald. Johnson moved as an amend-
ment that matter be referred to
three special committees. Amend-
ment carried and original motion as
amended carried.Mayor Davis brought up the mat-
ter of relief for San Francisco suf-
ferers and suggested action authoriz-
ing the appointment of a citizen's
relief committee and appropriation
of funds.Ald. Capps moved council donate
\$100 and on amendment of Ald.
Ticknor a relief committee
consisting of one alderman
from each ward and one citizen from
each ward including the mayor was
authorized.Regarding the putting up of tents
at Nichols park during Red Men's
convention the matter was referred
to park committee with power to act.Ald. Kennedy brought up the mat-
ter of investigating the franchise of
the Jacksonville Street railway. The
mayor stated that letters would go
out to morrow and that special com-
mittee to consider the same had been
appointed.Sidewalk ordinances adopted for
walks on portions of the following
streets were as follows: South
Church street, West Morgan street.Mr. Sieber complained to the coun-
cil regarding the hitching of rigs in
front of his place of business to the
detriment of his business. Ald.
Kennedy moved matter be referred to
the chief of police.The mayor thought that this mat-
ter ought to have attention and that
an ordinance covering the matter
would be a good thing. Under exist-
ing ordinances chief of police has
no power in the matter.City attorney was instructed to
prepare an ordinance covering the
same after conference with ordi-
nance committee.Ald. McGinnis brought up the at-
tempt of Solomon Bros. to lay a
railroad track on Railroad street in
defiance of the council.Ald. Kendrick stated that the Wa-
bash roadmaster stated that the con-
ditions in the matter had been im-
proved to him.

VIOLIN AND
VOICE RECITALGiven by Miss Mary Huntley
and Miss Edith Morgan, Pu-
pils of Illinois College of Mu-
sic—Fine Progress Given Fla-
mished Interpretation.Seldom has an audience enjoyed
a more delightful musical treat than
the voice and piano recital given in
the chapel of the Woman's college
Thursday evening by Miss Mary
Huntley and Miss Edith Morgan,
pupils of Miss Kreider and Miss
Long of the faculty of the Illinois
college of Music.The chapel was filled to its utmost
capacity by as many of the friends
of the musicians as could gain ad-
mittance and the splendid program
was received with unstinted enthus-
iasm and praise. The appreciation
of the audience was evidenced time
and again by the vigorous encores.Miss Huntley appeared in two sin-
gle numbers and two groups, and
sang with a fine effect. Her voca-
lization exhibited her usual splendid
execution, and the excellent quality
of her voice delighted her hearers.
"La Fille de Cadix" and "Stand-
chen" were especially well given,
while Miss Huntley's interpretation
of all her numbers was in keeping
with the high rank in which her work
is so generally classed.Miss Morgan appeared first in a
Largo for two violins, with Miss
Long, and gave two single numbers
and a charming group. She ex-
hibited in her playing an unusual
temperament and her faultless ex-
ecution produced a true and firm
tone most captivating. Her excel-
lent qualities of musicianship were
especially well exemplified in the ex-
ceedingly difficult "Elfenfantz,"
which won for the performer a per-
fect ovation.Miss Kreider served most excel-
lently in the difficult role of accom-
panist.The program follows:
Largo, from Concerto (for two violins)
..... J. S. Bach
Miss Morgan and Miss Long.

Recit. and Air, from "Elle" Costa

Suggestions to Purchasers
Of Refrigerators.In buying a refrigerator, keep the following points in view,
every one of which is a prominent feature of every one sold by us.The preservation of perishable food is the first and most vital
point. To obtain this end requires a low temperature and abso-
lutely dry air. These conditions can only be attained by a per-
fect circulation of air in the refrigerator.The second vital point in a refrigerator is an economical use
of ice. The economical use of ice is of the greatest importance.
A good refrigerator will last a lifetime, and how many times its
first cost must be expended in ice during that time, and what a
saving can be made by having a refrigerator which is an ice saver
and not an ice waster. To attain this end the refrigerator must
be well made of kiln dried lumber. It must have in addition a
lining of non-conducting mineral wool sheathing, which is air-
tight and odorless. It must be provided with a drip pipe and
trap, so as to exclude the outside air from the ice and allow the
drip from the melting ice free exit.We have received our new line of refrigerators and have
them ranging in price from \$8 up to \$40.Galbraith

NOTICE TO CONTRACTORS.

Jacksonville, Ill., April 10, 1906. Sealed proposals will be received by the board of county commissioners of Morgan county, Illinois, up to 2 o'clock p. m. of April 21, 1906 and not thereafter, at the commissioners' room in the Morgan county court house. Said proposals will then and there be publicly opened.

Plans and specifications are on file in the office of Charles W. Brown, at room 8, Opera House block, Jacksonville, Illinois.

Approximately the work will consist of furnishing the labor and cement for laying 420 feet of 10 inch pipe, 2,000 feet of 8 inch pipe and 300 feet of six inch pipe, constructing a concrete abutment at the outfall and one manhole, with the necessary ties, Ys and bends, etc.

Each proposal must be accompanied by a certified check on a responsible bank, payable to the order of the county treasurer for a sum equal to ten per cent of the entire bid.

The contractor will be paid in cash on completion and acceptance of his work.

The successful bidder will be required to furnish an approved bond in the sum of Fifteen Hundred (\$1500) Dollars for the performance of his contract. The board of commissioners reserves the right to reject any or all bids or to award the contract to the bidder whom they deem the lowest and best bidder.

STREET RAILWAY AND GAS PLANT

Improvements Contemplated—General Manager Fischer of Illinois Traction Company Here Thursday.

The visit of L. E. Fischer, general manager of the Illinois Traction Co. to this city Thursday, gave rise to many rumors of proposed changes in the local street railway system and the gas plant. During his brief stay here the general manager drove about the city in company with the local superintendent, J. P. Doan, and doubtless many matters of importance came up for discussion. Definite information as to the intentions of the company could not be obtained, but inquiry in various directions elicited the fact that the improvements mentioned a few weeks ago as being contemplated, will be rapidly pushed to completion.

One of the first things to receive attention will be the East State street track. The present light rails will be replaced with the six inch size now in use about the public square, and the tracks will probably be continued beyond the C. & A. railroad to the city limits. The West State street track will be relaid from Fayette street to Westminster street, and if it is continued further, the boards between the rails will be replaced with brick. The North Main street track will also probably be laid in the near future.

At the gas plant an improvement will be made in the shape of a 102,000 cubic feet capacity two lift holder to be erected in the rear of the power plant, a new roof will be put on power plant, a new stack will be erected and there will probably be additions to the machinery of the plant. There is also some interurban talk, but nothing definite along that line has developed.

M. P. L. ENTERTAINMENT.

One of the most successful entertainments of the season was the county fair given Thursday evening by M. P. L. council No. 269 in Odell hall. Fully 600 persons were in attendance and ample amusement was furnished for all. Fortunes were told by Miss Georgina Lutkemeyer and Mamie Nixes, and an interesting program was given, and dancing was enjoyed. Each person present received a prize. The committee in charge of this successful entertainment was composed of Mrs. Adam Erghott, Mrs. Louis Hoffman, Mrs. Sarah Worslaun, Mrs. Mary Sullivan, Mrs. Sam Ornellas, Mrs. Elnora Atkinson, Mrs. Henry Everts, Mrs. H. Hopper and Mrs. Bambrook.

Tickets for sale by all the members of the Mendelssohn Club. Also at C. H. Smith's music store.

FAILED TO APPEAR.

The Ernest Gamble Concert company failed to appear at State-Street church Thursday evening on account of lack of patronage. The few who appeared got their money back, and the concert was postponed until a future date. Mr. Gamble was not satisfied with the reception, or rather lack of reception accorded the company Thursday, and proposes to come to this city for an engagement in the near future.

LEGISLATORS FLOUNDERING

IN SEA OF DISAGREEMENT ON PRIMARY LAW

State Officers Sent Message to Governor Pardee of California Other News of Special Session.

Springfield, April 19. (Special)—After being in session both morning and afternoon the senate to day by a vote of 21 to 18 went on record in favor of the 35 per cent clause in the primary bill. A resolution was also adopted that the primary be held on the same day all over the state and that the expense of holding the primary election be met the same as the expenses incident to a general election.

House Republicans were in conference Thursday afternoon and evening and while the members are at sea in the matter of a primary law there seems to be a majority in favor of plurality provisions for county officers and a compromise on the matter of percentage on other officers to be nominated. Many of the Cook county members are opposed to a primary law altogether while the country members want such an enactment but hold widely divergent views as to its provisions.

Resolutions of sympathy were passed in both senate and house to day for California sufferers, and the presiding officers of both bodies were authorized to name committees for conference with Governor Deneen regarding an extraordinary session of the legislature for the purpose of extending financial relief, such action being impossible by the present session, as the purpose was not embodied in the call. It is not believed that the governor will convene an extraordinary session.

State officers to day sent telegrams to Governor Pardee of California offering assistance.

Grand Master Humphrey of the Illinois I. O. O. F., sent \$1,000 for relief of sufferers and ordered subordinate lodges to make such donations as seem expedient.

Governor Deneen announced to day the appointment of W. E. Graves as secretary of the state board of charities to succeed J. Mack Tanner.

Dr. Hugh Schussler, bass, in "Elijah," May 2d and 3d.

Yesterday at the home of Mrs. J. C. O'Neal, east of the city, a very delightful party was given in honor of Mrs. E. C. Bradish and Mrs. M. J. Kellogg, of Jacksonville, and Mrs. Mary Short Henry, of Chicago. A guessing contest afforded much amusement, and first prize was awarded to Miss Eleanor Moore and second to Mrs. Belle Drury and third to Mrs. Lloyd Magill. A most excellent dinner was served by the hostess.

Special Sale OF Lace Curtains

\$3 50. \$4.25. \$5.00
50c a pair and upward

Beginning tomorrow, Wednesday, we are going to upset some old-time curtain traditions. We're going to put on sale one hundred pairs of choice Lace Curtains, and the price per pair is \$5.00 or less.

Perhaps you have thought you must pay a big price for good curtains; maybe you have figured \$7.50 or \$10.00 as a fair price for curtains. Then come here to-morrow early, and we will show you where you are wrong.

A special purchase from the Lehigh manufacturing Company—and nobody makes better curtains—Irish Point, Nottingham, Bobbinet, Clunz—beautiful weaves, graceful designs, firm texture, the kind worth double the price, and they look it.

We say to all shrewd shoppers, if you want to secure big money's worth, don't miss this special curtain sale. Bring your best judgment, we invite critical inspection. They are here—good Lace Curtains—don't expect any other kind—and the price is \$5.00 (or less). The early comers will be the lucky ones.

AN ANCIENT INSTRUMENT.
Among the first pianos ever seen in this city, and possibly the first one, was a Chickering, bought by Governor Duncan and brought by water to Naples, and by team to this place something over seventy years ago, probably. It is somewhat quaint, but still in good preservation and is capable of being used yet and is not a bad instrument. Naturally it is prized highly by the descendants of the illustrious governor, and the latest one to possess it is Miss Jessie D. Putnam of Davenport, Iowa, to whom W. T. Brown was shipping it Thursday.

RHEUMATIC PAINS RELIEVED.
The quick relief from rheumatic pains afforded by Chamberlain's Pain Balm has surprised and delighted thousands of sufferers. It makes rest and sleep possible. A great many have been permanently cured of rheumatism by the use of this liniment. For sale by all leading druggists.

SPRINGFIELD

Local Base Ball Squad Trimmed By Capital City Aggregation—Waterloo Came in First Inning.

Jacksonville met the Springfield baseball team at Springfield Thursday afternoon and were defeated by a score of 8 to 1. The game was lost by Jacksonville in the first inning, when they allowed the Springfield men six runs. With two men out and the third man at the bat, with two strikes and three balls on him, he was allowed to walk to first, and after this six runs were made before the third man was put out. Considering the fact that some of the home boys are disorganized, the boys put up a very good game after the first inning. The game was called off after the seventh inning in order that the Jacksonville boys might catch the evening train home. Only a small crowd was out to witness the game. The lineup for Jacksonville was as follows: Mohon, third base; Hagel, shortstop; Brady, left field; Hughes, first base; Neal, second base; Lotshaw, right field; Livingston, center field; Belt, catcher; while Fox and Lindley pitched the game.

FINE CASES.

Lee P. Alcott and Armstrong & Armstrong have received from the National Cigar company fine cigar cases for their establishments. The cases are of handsome design, the wood effect being dark with a marble base. The glass is of the finest plate. The cases are surmounted with an illuminated top and the effect is a pleasing one. These two stores are sole agents for the company's goods.

SERIOUS CHARGE PREFERRED

Chief Davis received a wire from Carlyle, Ill., authorities Thursday asking him to arrest and hold Hugh McQuade for whom Carlyle officers held a state warrant. McQuade was located at Alexander, and Constable Bardsley went to that place Thursday afternoon, arresting his man and returning to this city last night. Clinton authorities telegraphed last night that an officer would be here for the prisoner to day. He is wanted at Carlyle on a charge of bastardy.

McQuade is 19 years old. His home is in Carlyle, and he has been working recently for Harry Gray at Alexander.

Lost—Either on College avenue, Diamond street or Grove street, a gold high school senior pin, inscribed on it J. H. S. '06. Reward for return to Ruth H. Crawley, 1061 Grove street.

SHOOK IN MICHIGAN

Buildings Rocked and Man Killed in Mine.

Calumet, Mich., April 19.—An earthquake shock, which was felt distinctly throughout Hancock county and was most pronounced in the Quincy mine, killed one man and injured four others while working a mile below the earth's surface in that property to day.

Buildings rocked, chimneys fell and dishes rattled, terrifying the citizens and causing scores of men, women and children to rush from their homes. Many miners on the day shift refused to go below again. Timothy Terr is the name of the dead man. He was working at the bottom of the Quincy mine, when a large block of ground was shaken loose, crushing him to a pulp under tone of earth.

Four other miners at the time were seriously injured, but with the aid of companions were brought to the surface and conveyed to their homes, where medical assistance was given. It is thought all will live.

FELL FROM STREET SWEEPER

Hal Mathews, while driving the street sweeper on West State street, Thursday night fell from the seat to the pavement with such force that he was stunned so that it was necessary to send him home in a cab. Edward Coffman had been driving the wagon in the early part of the evening and was relieved by Mathews while he moved some horses that were hitched along West State street in order that the dirt might be swept near the curb. When directly in front of the postoffice Mr. Mathews fell from his seat and was later taken to his home, 835 South Fayette street. It is not thought that he was hurt seriously.

TETANUS CASE.

Mrs. Henry Middenlof of Nockleyville was brought to Passavant hospital recently suffering from an attack of tetanus or lockjaw. Tetanus serum is being employed in the treatment of the case and an additional supply to that already on hand in the city was received from Chicago Thursday night. The patient is in the care of Dr. J. W. Haigrove.

BIJOU MANAGER ARRESTED.

Pedestrians upon the city streets Thursday were met at every turn by bills tacked promiscuously to trees, telephone poles and other such articles advertising the Bijou theatre. Many complaints were heard on all sides, and many took prompt measures to remove all such which came to their notice.

The practice of advertising in such a manner is contrary to the city ordinances and Chief Davis took prompt measures to see that it was stopped by the arrest of Harry Bernstein, manager of the Bijou, Thursday afternoon. He furnished bond and will probably have a hearing to day.
